

martin & hamilton is an award winning chartered building company based in Ballymena. The business operations at head office and the construction sites are conducted in accordance with ISO 9001, ISO 14001 & OHSAS 18001 standards.

martin & hamilton is committed to managing environmental issues in a responsible and sensible manner, accepting that the company has responsibilities to afford future generations the choices and opportunities that people currently enjoy.

martin & hamilton is committed to:

- Reviewing environmental performance and identifying areas of the business activities which interact with the environment. These aspects will be responsibly managed to avoid and reduce pollution.
- Consulting with local and national statutory environmental agencies.
- Managing all activities to ensure the protection of the environment, including the prevention of pollution, and developing procedures to prevent so far as possible any form of pollution resulting from business operations.
- Promoting the efficient use of resources and energy throughout the company.
- Ensuring compliance with legislative and other requirements at all stages of each project, where the company has control.
- Acknowledging, responding appropriately, and taking into account the views of the public and any other interested parties with respect to business operations and making this policy statement available to them.
- Ensuring all operations fulfil compliance obligations.
- Continual improvement of the environmental management system to enhance environmental performance.

This policy will be implemented by:

- Ensuring our employees understand the importance of adhering to environmental management procedures.
- Informing all supply chain members of the requirement to comply with this policy when providing products and services.
- Periodically reviewing environmental management issues at the highest level within the company.
- Reviewing this policy and its effectiveness on an annual basis.
